

Certificate

A.D. DANUBIUS
Novi Sad

participated in the
ECOprofit Project Novi Sad
2011-2012

The company completed a training course
on **Cleaner Production methods**.

The company identified and implemented various
environmental measures which decreased pollution, improved
on-site waste management and increased resource efficiency.

Implemented measures contribute to the improvement of the
environmental situation within the Municipality of Novi Sad.

**Awarded in appreciation of remarkable efforts in
environmental protection.**
